HIT OR MISS IN THE WORLD OF SPORT

SELF-STYLED boxing authorities abroad have decided that Jack Johnson is the real champion and have sanctioned his match with Frank Moran. How any one could dispute the fact that Johnson is the champion of the heavyweights is something that can not be explained. Never was there a fighter with a better claim to the title than Johnson. He beat Jim Jeffries, whom every one conceded to be the greatest of all, and since that time no man has appeared who could be regarded as Johnson's equal. In fact, followers of boxing are of the opinion that there will never be another man like Johnson.

The Cincinnati Enquirer gives Johnson a square deal, as follows:

"The trouble with Johnson is that he has a flock of enemies to contend with and is seldom given his just dues. Because of his domestic affairs Johnson has been in bad with the public for a long time, but it is not fair to judge a man's fighting ability by what takes place in his private life. Throw aside the prejudice and Johnson stands out as the champion in all the world's eyes. He is a natural-born fighter and did not get to the top by any boosting from the press agent. His color was against him, and he had a hard row to hoe. When he stepped in the ring with Jeffries at Reno he proved that he was as game a man as has ever worn a shirt. All kinds of threats were made against Johnson, but he did not wilt. He went in the ring and fought his fight, defeating the great Jeffries with ease. After the contest he acted the part of a good sport and said nothing but kind words about Jeff. While the latter took on a grouchy and gave it out that he was doped. Had Johnson taken the same course as Jeffries after the contest he would have been put down as a quitter. The big black has done nothing to be branded as a coward."

Although the Kelo baseball team has been on the short end of most of the scores during the series which closed Thursday, the players have made a most favorable impression on local fans, and the Japanese collectors take home with them the best wishes of the community. Their behavior on the field has been all that could be desired, and there has been no suspicion of rovidness in any of the games.

The Kelo men left this morning on the Hongkong Maru, with the best of wishes of Honolulu fans. Incidentally, two of them were leaving their native shores, having been born in the islands.

U. C. BALL TEAM, EN ROUTE TO HAWAII, IS IN GOOD CONDITION

BERKELEY.—Determined to show by the results that their victory over Stanford was merit, the University of California baseball team is practicing daily and to be in readiness for the trip to Hawaii, where a schedule of twelve contests has been arranged. The team will leave on the Lurline on June 3 and will be gone three weeks. Those players who took part in the inter-collegiate games are given first choice to make the trip, and practically all are planning to go. Coach James Schaeffer will accompany the team.

WATER SPEEDERS WILL GO AFTER EXISTING MARKS

Judging by the entry list, the June 11 swimming meet to be held under the auspices of the Hawaiian Athletic Association, the local branch of the A. A. U., will be even more of a success this year than in the past. All the veterans will be in the water for their favorite distances, and in addition there are some youngsters who may churn up the foam to good purpose.

Kahanamoku is entered in the 50, 100, 220 and 440-yard sprints, the half mile, mile and relay. There is a chance that he will scratch in one or more of these events, as seven races is almost too big a contract, even for a swimmer of Kahanamoku's ability. His defeat by "Bab" Small in the 50-yard race here last February will undoubtedly be an incentive for Duke to put out his best efforts at this distance. In the hope of setting a new mark. George Cunha, the Hawaiian crack sprint swimmer, is also in good form, and can be counted on to give Kahanamoku a hard rub in the 50 and 100.

The meet will be held at the navy slip next Thursday afternoon, commencing at 1:30 sharp.

Following is the entry list:

THE RESOLUTE.
The excellent showing made by the yacht Resolute, in recent trials against the other cup defense candidate, Vastille, leads to the belief that Nat Herreshoff has turned out another winner. From all accounts the Resolute is good at every point of sailing, but a light breeze is a serious test of speed and steadiness.

Wages of British Women

Let us remember, hours of labor and wages for women are better here than in other countries. Recently in London a large conference of influential people, representing society, the church and every political party, was called by the Duchess of Marlborough to unite with the women workers to protest against the "sweating" system. Factories and workshops in Great Britain give employment to 2,000,000 women and girls and at least 100,000 more work in their homes. After mentioning \$3.75 a week as the amount estimated for the minimum requirements for a single woman, the Duchess of Marlborough said that in organized industries there were probably 500,000 who earn less than \$3 a week, while there are many who earn only \$1.50 a week. A shirtmaker in the meeting produced a shirt for the making of which she was paid 18 cents a dozen. By working from 5.30 A. M. to 11 P. M., this woman and her husband made in a week \$2.62; out of this they had to pay 37 cents for the machine and 45 cents for cotton, leaving the net wages for the two for one week's work \$1.80. We have nothing like this in the United States.—Charlotte Bates Strayer in Leslie's.

GOOD SPORTING PROGRAM AT MOILILI TOMORROW

A double card of sporting attractions should bring a big crowd to Moilili tomorrow afternoon. At 3 o'clock a program of three foot-racing events will start, and at 3:15 there will be a ball game between a picked team, captained by Lai Tin, and the 2d Infantry team, led by Lieutenant C. B. Lyman.

The five-mile race, in which Soldier King, Montgomery, Hubbert, Nigel Jackson and several other well-known speed merchants will start, is causing a lot of speculation among the sporting fraternity. There has been no foot racing here for some months, and interest seems to be on the increase again.

VOTING CONTEST TO DETERMINE THE MOST POPULAR LADY FAN

The new oil tanker Barneson, one of a quartet of oil carriers built for the Pacific service of the General Petroleum Company, arrived at San Francisco on April 20 on her maiden voyage from Newcastle-on-Tyne. The vessel was 65 days making the trip via stops en route. Captain Shotton reported an uneventful passage. The steamer passed through Magellan on March 16 and 17, experiencing head winds south of the equator and thence northerly weather. The Barneson is the second tanker of the new fleet to come to San Francisco, having been preceded by the De Saba. She is an oil carrier of the most modern type, with a capacity of 65,000 barrels.

DERBY WINNER WAS OUTSIDER IN BETTING

(By Latest Mail)

EPSOM.—The Derby, best known of the English classic horse races, was won May 27 by an American horse, Herman B. Duray's Durbar II.

The winner's recent form in France had been considered so poor that he was regarded here as a rank outsider and odds of 25 to 1 were freely laid against him in the clubs. He had no trouble in disposing of a huge field of thirty horses, the largest that has turned out for the race since 1893. He won in a canter by three lengths from two other outsiders, Hapsburg and Peter the Hermit. A length and a half separated second and third.

The last American racehorse owner to win the English Derby was Richard Croker, who carried off Rubelais out of Armenia. He was bred in France.

The Derby stakes, was established in 1780, but races had taken place on the same course as early as 1640. The stake is valued at \$32,500 and is for entire colts and fillies of 3 years old. The course is about one mile and a half in length.

For this year's race there were originally 375 entries. The great favorite for this year's race, The Tetrach, was scratched a few weeks ago.

Durbar II is a bay colt by Rubelais out of Armenia. He was bred in France.

The public favorites never flattered their supporters at any stage of the race. Kannmore, who led the betting, behaved so badly at the post that he delayed the start and when the field was finally sent away he was left in a bad position. Polystrate made all the running to the half distance, with Black Jester, Hapsburg, Dan Russell and Durbar II close up. Roundham Tattenham corner, Durbar II jumped in on the rail and took up the running. To hold the command to the finish, easily stalling off several challengers. Dan Russell was fourth. This time of the race was 2 minutes 38 seconds, a fraction of a second quicker than the average.

Duray had great faith in his horse, which was backed for large amounts by the American contingent. The justification among the big crowd of trans-Atlantic visitors was distinctly noticeable as the winner was led into the paddock.

King George and Queen Mary were both present, as well as most of the staff of the United States embassy. Distributed about the course were large numbers of Americans from the resident colony as well as from the other side of the Atlantic.

The past glories of the journey by road from London to Epsom departed with the advent of automobiles and the high spirits usually characterizing the crowd on Derby day were in some degree dampened by the presence of an army of police encamped along the ground and forming lines along the course to prevent any attempt at violence by militant suffragettes. It would have required an airship to circumvent the precautions taken.

June 11th will mark the inauguration of a new transpacific passenger and freight service by the Canadian Pacific Railway between Vancouver and Manila via Japanese and Chinese ports. On that date the new steamship Empress of Russia will leave Vancouver for Manila via Yokohama, Kobe and Nagasaki and it is the plan of the company to cut the time from the Pacific Coast to the Philippine port from 28 to 17 days. The Empress of Russia, and her sister ship, Empress of Asia, which will also be used in the new service, were completed a year ago at a cost of \$3,000,000 each. Both vessels are capable of a speed of 22 knots an hour and will develop an average speed of better than 19 knots. The Empress of Russia holds the transpacific record, having made the voyage from Vancouver to the Orient in nine days and five hours.

WHITE'S DEFEAT OF RITCHIE IS GREAT SURPRISE

(By Latest Mail)

SAN FRANCISCO.—There has been no greater upset in fistic circles of recent years than the defeat of Willie Ritchie by Charlie White of Chicago in their ten round bout that took place May 26 at Milwaukee. Followers of the game, particularly in the west, including many who had seen White in action, thought Ritchie sure to be the winner, and the fashion in which the middle westerner apparently turned the tables on the champion caused much surprise and is hard to explain.

Whether it will interfere in any way with the plan for Ritchie to go to London to meet Welsh in a 20 round bout on June 30, a match in which the champion has already been promised \$40,000 for his end, remains to be seen. Since Willie is still the champion of lightweight in the world, he is naturally the card, and the fact that White is unanimously credited with a newspaper decision will, in all probability, cause the English people to feel more convinced than ever of the chance for Welsh to gain the honors. On that score, there is no reason to believe that arrangements for the match will be disturbed, although it is just possible the promoters may think they can arrange terms more advantageous to themselves.

Ritchie, it is apparent, does not concede that White won, as far as the newspaper accounts have stated. In a dispatch to the Chronicle the San Francisco boy makes the following statement:

"Milwaukee, Wis., May 27.
"Harry B. Smith, Sporting Editor, Chronicle, San Francisco.
"I think that I won easily, for I forced the fighting every minute. I took too many chances, and, as usual, fought to please the crowd. They begged me to box White, and I ignored the advice. The last half of the first round is all I give White. Will surely stop him in 20 rounds. Am feeling fine."

Ritchie's personal feelings as regards the outcome of the match are by no means borne out by the publicistic critics who were at the ringside, all of whom have agreed that White was the winner, and that he was the Californian a trifle.

At the same time, it makes a prospective 20 round bout between the same boys a corking good card, and one that the western promoters will be after.

Coffroth says that for several days at least he will not attempt to bid for such a card. In the first place, he wants to see what will be done as regards the Ritchie-White match in England. Also, he doesn't think the time is ripe for opening negotiations.
"Ritchie will want as much of a guarantee as ever," explains Coffroth, "on the ground that he is the lightweight champion. White, who has been highly praised by his own papers and boosted heavily as the coming title holder, would also want a big sum of money. I doubt if any promoter could afford to give the money they would want, and for a few days at least I will not take any steps. Possibly later I will be in a position for such a bout."
